Home Contacts Information and Form

Home Contact information

This section is to be completed by the Camp/Holiday Leader.

Name of Home Contact:

Tel:

What is Home Contact?

When an activity takes members of the movement away from their home area, it is possible that the camp/holiday leader may need to contact the parents or guardians.

Such occasions could include travel delays, change of plans or there may have been a serious accident or emergency and parents/guardians must be told. The required method is to use the **Home Contact** system as the focus for communications between the party and those at home.

The Home Contact method should only be used in case of an **emergency** and is **NOT** for general conversation. Please photocopy this sheet with the home contact details filled out by the camp/holiday leader and keep the information safe during your son or daughters camp/holiday.
